Guidelines for CSE357 CA2: Mock Technical Interview

Objective

The Mock Technical Interview activity is designed to:

- Assess your technical knowledge and problem-solving skills.
- Simulate a real-world interview environment.
- Provide constructive feedback to improve your preparedness.

Steps to Follow

Step 1: Prepare Your CV: Create your CV using the provided format titled CV_Format_forAI. Ensure all details are accurate and aligned with your career objectives.

Step 2: Upload Your CV for AI Review: Upload the CV in CV_Format_forAI to ChatGPT for review.

Step 3: AI-Powered CV Review: Use the following prompt when uploading your CV:

> *Review my CV in the context of my stated career objectives and identify the key areas that need improvement. Provide a concise, prioritized list of up to four specific aspects—such as skills, certifications, projects, or academic qualifications—that should be strengthened to align with my career goals in Computer Science. Highlight critical areas for improvement and suggest actionable steps.*

Step 4: Update Your CV for Submission: Based on the recommendations from ChatGPT, prepare your CV in the CV_Format_forTeacher. Clearly include the AI's recommendations in the updated CV.

Step 5: Self-Allocate Tasks: Based on the AI's recommendations or your career needs, allocate achievable tasks till 10th week of the semester and include them in the CV_Format_forTeacher.

Step 6: Upload Your CV : Submit your revised CV using the following Google Form:

https://docs.google.com/forms/d/e/1FAIpQLSeB8kn40gC8_EphHxxfT3sjC9e8KoQR8BkrmZXykkJZlgh_CA/viewform?usp=dialog

Step 7: Submit Printed Copy: Submit a printed copy of the revised CV Format forTeacher to your course instructor.

Step 8: Instructor Review and Targets: The instructor will review your CV and allocate specific targets to be achieved by the **10th week** of the semester.

Step 9: Update Your CV (Final Submission): In the **11th week**, update your CV in CV Format forAI based on your progress and submit it to your course instructor.

Step 10: Mock Technical Interview : Participate in a Mock Technical Interview conducted in the **11th week**, which will be based on your updated CV.
